

SUBMISSION INSTRUCTIONS

The author-prepared abstract will be published exactly as presented on original.

Type must be clear, dark and correct. DO not reduce or condense. All abstracts will be reduced for publication. Plain paper may be used in place of 'Abstract Form', provided exact dimensions (12.7cm×18cm) are maintained.

Papers which cluster around common themes may be selected for group oral presentation, each about 15 minutes. ALL papers should be submitted under the 'paper or poster' option.

TO SUBMIT A PAPER PROPOSAL

1. Complete the Submission Form.
2. Prepare an Abstract to fit within the Abstract Form.
3. Provide a concise description of your proposed presentation in narrative form. Include author(s) name(s), affiliation, and the corresponding author(s) name and address.
4. Copy all Form/Information for your reference. Retain Abstract on disc for future use.
5. **Abstract submissions must be received by September 1, 2009.**

発表要旨の提出は、2009年9月1日が締め切りです。

ABSTRACTS SHOULD:

- a) State the scientific question or purpose of the study;
- b) Characterize the study sample (sample size, age, gender, race, health status, etc);
- c) Identify the independent and dependent measures, types or specific names of measures used;
- d) Summarize analysis, and describe key results;
- e) State conclusions and/or significance of findings
